What changes have been implemented?

How many people have been involved?

Leadership

How long has this plant had an organized focus on improving leadership skills?

What activities have been involved in this initiative?

How many people have been involved?

OpExChange is a peer to peer learning organization. Success of the organization is based on member participation – hosting as well as attendance. Member plants are expected to host an event every 12-24 months. Members are also expected to readily participate in an annual NIST survey reporting the operational benefits of membership. Membership is granted upon approval by the state board and by the general membership as well as the payment of dues.

Please sign indicating you have read the bylaws and agree with the above requirements.
